25.0 LABOUR-MANAGEMENT RELATIONS

Labour-Management Committee

- 25.01** The City and the Union shall jointly appoint representatives to a Labour/Management Committee, which shall be established for purposes of ensuring continuing dialogue. A maximum of five (5) representatives may attend on behalf of each party and by mutual consent either party may send observers.
- 25.02** The committee shall hold meetings at times agreed upon by both parties but shall endeavor to meet at least monthly. The meetings are to be considered a forum for discussing matters of mutual concern in an effort to find solutions to minor problems that have arisen since the last meeting, and to recommend solutions to the Union and the City. For the purpose of this clause, "minor problems" refers to an issue for which the implementation of the grievance procedure may be postponed pending resolution in the Labour/Management Committee and shall apply to all matters, which the committee mutually agrees to refer to the committee.
- 25.03** Where the resolution of a problem cannot be obtained at the Committee level the time limits of any possible grievances shall not commence until after a meeting has been concluded. The meetings shall not constitute any part of the formal grievance procedure nor shall they compromise the right of the Union to the grievance procedure.

Collective Bargaining

- 25.04** Union members who have been identified by the Union Executive as members of the Union's Collective Bargaining Committee shall be excused (to a maximum of five (5) members) from their regular scheduled duties to attend collective bargaining sessions with the City.
- 25.05** If a scheduled bargaining session with the City concludes during an excused bargaining committee member's regularly scheduled shift, the excused member shall not be required to return to duty for the remainder of the hour during which the session concluded plus one additional hour.
- 25.06** When a full day of bargaining (minimum six hours scheduled) is conducted, bargaining committee members shall not be required to work the shift immediately prior to or following that bargaining session.
- 25.07** On duty staffing levels shall be allowed to drop to the established minimum requirements to permit bargaining committee members to attend bargaining sessions with the City. If such attendance shall cause the on duty staffing levels to drop below the established minimum requirements, off duty personnel are to be called in at the applicable overtime rates to achieve minimum staffing requirements.
- 25.08** The above leave replacement and overtime provisions shall apply only to scheduled collective bargaining sessions involving City and Union representatives. They shall not apply to bargaining committee strategy meetings or preparation time, or any other bargaining unit activities. Any replacement or compensation with respect to Union activities not addressed in this guideline shall remain the responsibility of the bargaining unit.

26.0 DISCIPLINE

- 26.01** The City and the Union agree to utilize [progressive discipline](#) whenever appropriate.
- 26.02** When any documented [disciplinary action](#) or investigation of a disciplinary manner is initiated against a member covered by this Agreement:
- a) The member shall have the right to Union representation.
 - b) A member of the [Union Executive](#), or their designate, shall be present at any and all meetings.
 - c) With as much notice as possible, the Fire Chief shall advise the Union and the member of a disciplinary hearing and shall provide a written notification to each party in advance of the hearing. The [Union Executive](#) shall be informed prior to the member. If the Union and the Fire Chief agree that the Union notify the member, then such notice constitutes notification under this clause.
 - d) Within seven (7) days of the above hearing the member and the Union shall receive a written notification as to the result of the hearing, and/or upon closure of the investigation.

e) Time limits specified above may be extended upon mutual consent of all parties.

26.03 Where the situation instigating discipline requires an immediate response and Union representation is not immediately available, the [disciplinary action](#) shall proceed and the Union shall be notified of the proceedings as soon as is practical. Failure to interpret properly whether the circumstances apply to Articles 25.02 or 25.03 shall not prejudice the merits of the action taken should a grievance result.

26.04 No member may be disciplined or discharged for disciplinary reasons without just cause.

26.05 A member's official Human Resources & Safety File shall be cleared of documentation under the following circumstances:

- a) Non-disciplinary actions such as notes, coaching and warning letters shall be retained on file for twenty-four (24) months.
- b) Upon written request to Human Resources & Safety, the Fire Chief and the Union written reprimands shall be removed after thirty-six (36) consecutive months, if no further discipline has occurred during the thirty-six (36) consecutive months.
- c) Upon written request to Human Resources & Safety, the Fire Chief and the Union, discipline resulting in suspension, shall be removed after forty-eight (48) consecutive months if no further discipline has occurred during the forty-eight (48) consecutive months.

26.06 An employee, who is absent from work in excess of four (4) shifts/days without prior authorization from the employer, will be considered to have abandoned their position which is just cause to terminate employment. Exceptions to the above must be based on protected grounds, or where it was/is not reasonably possible for the employee to obtain authorization.

27.0 GRIEVANCE PROCESS

Statement of Intent

27.01 The City and the Union jointly recognize the desirability of resolving differences by joint consultation and discussion. Both parties shall attempt to resolve such differences through informal means before proceeding to formal process.

Grievance Process Definitions

27.02 A grievance is defined as any difference between the parties or persons bound by this Agreement concerning the application, operation, or any alleged violation of this Agreement. A dispute as to whether any such difference is arbitrable, is an arbitrable grievance.

27.03 "Days" means consecutive calendar days.

Step I - Informal Resolution

27.04 The member shall provide the Union Executive with written notification, within seven (7) days of becoming aware (or reasonably should have become aware) of a grievance.

27.05 Within seven (7) days of receiving notification from the member, the Union Executive will provide the Fire Chief or designate, with written notification of the need for informal discussion about the grievance.

27.06 Within seven (7) days of receiving the written notification, the Deputy Chief or designate will meet with the Union Executive and attempt to resolve the grievance through informal discussion.

Step II - Formal Grievance to Director

27.07 Where the parties to the difference are unable to resolve it, the Union Executive shall within seven (7) days of the end of the informal discussions, submit a grievance to the Fire Chief or designate. The grievance shall be in writing with a copy to the Human Resources & Safety Department and the

Deputy CAO or designate. The grievance shall stipulate the nature of the grievance, the article(s) of this Agreement, which is (are) alleged to have been violated, and the remedy sought.

- 27.08** The Fire Chief or designate, along with a Human Resources & Safety representative, shall meet with the Union Executive and within seven (7) days of receipt of the grievance shall provide the other party(s) with a written decision and the reasons therefore within seven (7) days of the meeting.

Step III - Formal Grievance to Deputy CAO or Designate

- 27.09** If the decision of the Fire Chief or designate does not settle the grievance, the Union shall within seven (7) days from the day the decision was delivered to the member and the Union, refer the grievance to the Deputy CAO or designate, with a copy to the Human Resources & Safety Department.

- 27.10** The Deputy CAO or designate, shall meet with the Union Executive Member or designate within seven (7) days of receipt of the grievance and shall provide the other party(s) with a written decision and the reasons therefore within seven (7) days of the meeting.

Step III - Policy Grievance

- 27.11** Where a difference of a general nature arises regarding the application, operation or alleged violation of this Agreement, and the parties cannot resolve the matter by informal discussion, the Union or the City shall have the right to process the matter as a policy grievance through the above mentioned procedures commencing with the representatives of the parties who would be involved in the resolution of a grievance at Step III.

- 27.12** The policy grievance shall be submitted in writing within seven (7) days from the date the grievor became aware, or should reasonably have become aware, of the incident prompting the grievance, and stipulate the nature of the grievance, the article(s) of this Agreement which is (are) alleged to be violated, and the remedy sought. If the parties should fail to resolve the matter at this level, the normal grievance procedure shall continue at Step IV.

Time Extensions

- 27.13** Time limits specified above may be extended upon mutual consent of all Parties.

Step IV – Arbitration

- 27.14** A probationary member shall not have access, nor be entitled to, the arbitration process in the event that his/her employment is terminated, except where it is alleged that the termination was a result of harassment or discrimination.

- 27.15** Failing a satisfactory settlement being reached at Step III, the Union may, within seven (7) days of receiving the reply at Step III, refer the matter to arbitration. The notice shall be addressed to the Deputy CAO or designate with a copy to the Human Resources & Safety Department and contain the name of the Unions' appointee to an Arbitration Board.

- 27.16** The City shall forward the name of the City's appointee to the Arbitration Board to the Union within seven (7) days of the receipt of the name of the Union's appointee. If the City fails to appoint an appointee within the time limit the appointment shall be made by the Director of Mediation Services upon the request of either party.

- 27.17** If the recipient of the notice fails to appoint an arbitrator within the time limit the appointment shall be made by the Director of Mediation Services upon the request of either party. If the two (2) appointees fail to agree upon a Chairman within the time limit, the appointment shall be made by the Director of Mediation Services upon request of the parties.

- 27.18** Each party to the difference shall bear the expense of its respective appointee to the Grievance Arbitration Board and the two (2) parties shall bear equally the expense of the Chairman.

- 27.19** The Grievance Arbitration Board shall hear and determine the difference and shall issue an award in writing and the decision is final and binding upon the parties and upon any member affected by it. The decision of a majority is the award of the Grievance Arbitration Board, but if there is no majority, the decision of the Chairman governs, and it shall be deemed to be the award of the Board.
- 27.20** The Grievance Arbitration Board may quash or confirm any action taken by either party and may vary any action taken by either party, but shall not impose an action contrary to the agreement nor alter the agreement.
- 27.21** The Grievance Arbitration Board by its decision shall not alter, amend or change the terms of the Collective Agreement.

This loan will support the costs of an approved Paramedic Program. The assistance will be to a maximum of five thousand (\$5,000.00) dollars in each calendar year upon proof of enrolment. The training assistance loan with the City cannot exceed ten thousand (\$10,000.00) dollars and must adhere to all City requirements.
- 28.04** Members who partake in the ACP Program will sign a return of service agreement for a term of four (4) years following the completion of the program. If a member leaves prior to the end of the agreement, they will be required to return a prorated amount back to the City.

During each year prior to the LOA, the Participant, for a maximum of six (6) years, shall receive his/her Current Compensation Amount, less the Deferred Amount determined under clause 3 of the Individual Agreement, for the year in question which is retained by the City. The Deferred Amount shall be retained by the City and be invested in accordance with Clause 3.2. The Participant is not permitted to have a percentage of his/her base salary withheld which is in excess of the percentage obtained when one hundred (100%) percent is divided by the number of years the Participant specifies he/she wishes to be in the Plan, including the LOA year. Nor is it permitted to withhold an amount in excess of thirty three and one third (33 1/3%) percent of the base salary.
- 3.2. The Deferred Amount in accordance with clause 3.1 shall be invested by the City in trust with the Eligible Investor that the Participant has organized. In consideration of the administrative services performed by the City, the Participant shall indemnify the City against any expense(s), claim(s), or liability(ies) arising out of such investments.
- 3.3. The Amount of income tax to be deducted is dependent upon the City receiving a ruling to the satisfaction of its solicitor from Revenue Canada that the Deferred Salary Leave Plan contemplated hereby is not unlawful and is acceptable to Revenue Canada and that the amount of income tax to be deducted may be computed on the actual salary received by the Participant during each of the calendar years he/she is enrolled in the Plan.
- 3.4. The City shall on the following dates pay to the Participant the accrued interest on his/her Deferred Amount:
 - a) On December 31st in each year the participant has Deferred Amounts with the Eligible Investor; and
 - b) the last day of the LOA, or when the City makes a payment due to deferral or withdrawal from the Plan or death of the Participant.

4. Taking of LOA

The Taking of a LOA shall be governed by the following provisions:

- 4.1. The LOA shall be for a period of twelve (12) months and shall occur according to, and be governed by, policy of the City.
- 4.2. The manner of payment to the Participant during the LOA shall be in twenty six (26) equal biweekly payments calculated biweekly, based on the Deferred Amount remaining with the Eligible Investor. These payments shall be less the amount of any deductions made by the City under clause 5.2 and any monies required by law to be paid by the City for, or on behalf of the Participant.
- 4.3. If the City is unable to obtain a suitable replacement for a Participant by January 31st for the period of LOA, the City may in its discretion, defer the LOA for a number of months to a maximum of one (1) year. In such case, the Participant may choose to remain in the Plan or he/she may withdraw from the Plan, in which case the City shall pay the Participant the Deferred Amount in one lump sum payment no later than sixty (60) days from withdrawal.
Where the deferral is at the request of the City and the deferral extends the period beyond the six (6) year limit, the City agrees to reimburse the Participant any additional income tax which becomes payable by the Participant as a direct result of said deferral by the City.
- 4.4. A Participant during the year of LOA under the plan shall not accumulate nor be entitled to the following: Statutory holiday pay, shift differential pay, service pay, vacation pay, maternity, sick or any other leaves and promotion.
- 4.5. The City shall place the Participant, upon return from his/her LOA, into a position equivalent to that which he/she held prior.

- 4.6. The period of LOA shall not interrupt the continuity of the Participant's service with the City. The Participant shall be reinstated with the same level of experience that he/she had when he/she left on the LOA. After participation in the Plan, the Participant's salary and benefits shall be as set out in the collective agreement in force between the City and the Union governing such matters at that time.
- 4.7. Notwithstanding the date shown in paragraph 4 of the Individual Agreement for a requested LOA, a Participant may request postponement of such LOA for one (1) year. This request must occur at least six (6) months prior to the scheduled LOA.
- 4.8. A Participant shall return to his/her regular employment on expiry of the LOA and provide service for a period at least equal to the LOA.
- 4.9. Should a Participant fail to report as required in article 4.8, such Participant shall be deemed to have abandoned both the position and his/her contract of employment with the City. The City may then with one (1) week notice to the Union fill the position with someone other than the Participant. The City shall not be responsible for any income tax or other consequences of the Participant's failure to return to work pursuant to article 4.8.

5. Benefits

- 5.1. While a Participant is enrolled in the Plan, all applicable benefits shall be structured according to the compensation amount in effect on the Participant's last day of work preceding the leave. The rate of compensation in effect at the start of the leave will remain in effect for the duration of the Participant's leave. Any changes to the compensation rate will only be applied on a go forward basis upon the Participant's return to work.
- 5.2. The City shall continue paying its share of applicable health and welfare benefits for a Participant during the non-LOA years of the Plan.
- 5.3. The City shall maintain applicable health and welfare coverage for a Participant during the year of LOA under the Plan, provided such Participant assumes the full responsibility of paying the total costs for said benefits except: The employer's portion of Canada Pension Plan, Local Authorities Pension, and Employment Insurance.
- 5.4. A Participant may not receive wages or salary from the City, or from any other person or partnership with whom the City does not deal at arm's length, during the LOA except for the amounts contemplated by the plan.

- 6.1. A Participant who ceases to be employed by the City must withdraw from the Plan. Within sixty (60) days the City shall pay to the Participant the Deferred Amount and any interest accrued.
- 6.2. A Participant may apply to the City to withdraw from the Plan at any time up to at least six (6) months prior to commencing the LOA. The City shall approve the request to withdraw from the Plan. Within sixty (60) days of approval by the City of the withdrawal request, the City shall pay to the Participant the Deferred Amount and any interest accrued.
- 6.3. Should a Participant die, the City shall within sixty (60) days of notification of such death pay the Deferred Amount and any interest accrued to the Participant's estate, subject to the City receiving any necessary clearances and proofs normally required for payment to estates.
- 6.4. In event of withdrawal, the City shall deduct from the Deferred Amount any withdrawal fee as established by the Eligible Investor.

7. Suspension from Financial Participation in the Plan

- 7.1. A Participant may give notice to the City stating that he wishes to suspend his participation in the Plan for one (1) year effective the next May 1st. After the following May 1st the City shall pay the employee

his/her base salary without deducting the Deferred Amount for one (1) year. All previously Deferred Amounts shall remain invested with the Eligible Investor until the Participant withdraws from the Plan or takes his LOA.

- 7.2. A Participant who has given notice in accordance with clause 7.1 may give notice to the City that he/she wishes to become reinstated in the Plan. In which case, on May 1st immediately following such notice, the Participant shall participate in the Plan for the remaining years.
- 7.3. A Participant may not suspend their participation more than once.
- 7.4. Suspension of participation under clause 7.1 shall not change the year established for the LOA, unless notice is given to the Fire Chief six (6) months prior to the intended LOA.

8. Six Year Maximum on Deferral

Any deferral, postponement, or suspension of taking the LOA as described and set out in any clauses of the Plan which extends the deferral beyond the six years requires the City to pay to the Participant all amounts held under the Plan. This payment shall occur no later than the end of the first taxation year which commences after the end of the six (6) year deferral.

9. Termination or Amendment of Plan

- 9.1. The Plan may be amended or terminated by the City only after consultation with the Union. Any amendment(s) shall be binding upon all present and future Participants.
- 9.2. No amendment(s) shall be made to the Plan which shall prejudice any tax ruling which is applicable to the Plan prior to the amendment.

Letter of Understanding – Temporary Training Officers & Training Branch Transfers

Between
The City of St. Albert (“the City”)

And

The St. Albert Fire Fighters Union (“the union”)
(I.A.F.F. Local 2130)

Re: Temporary Training Officers & Training Branch Transfers

Whereas the City and the Union have the mutual interests of improved communications, ensuring staff are minimally qualified for the responsibilities assigned, and staff are compensated appropriately.

The parties therefore agree that:

1. For all Temporary Training Officer positions required, the City shall provide a written communication (e.g., email) offering the placement to an employee they so choose and shall provide notice to the union. The communication shall advise the employee of the training they are conducting, qualifications required (and that the member must advise if not qualified), the compensation they shall receive for training, and that promotional seniority shall be maintained during the short-term temporary training assignment. For clarity, these notices require no agreement from the union; the remedy, where the union believes a non-compliant assignment is made, shall be through informal discussions or the grievance procedure as the union determines appropriate.
2. The union shall provide confirmation of the email address (e.g., UnionExecutive@StAlbert.onmicrosoft.com) that they wish to receive these notifications.
3. Of those who applied to available Temporary Training Officer Positions, through the “Temporary Training officer Notification” form, final selection will be made considering qualifications, experience, and documented performance. Where qualifications, experience and documented performance are equal, preference will be given to the applicant with the most seniority within the bargaining unit.
4. In instances where 48 hours have lapsed since available TTO positions have been posted via the “Temporary Training Officer Notification” form and no members have come forward, or those who have come forward are not qualified to provide training requiring a required level of sophistication, the City may seek to appoint qualified individuals to conduct training.
5. For extended training being anything beyond 8 shifts per Article 6.10; or for Branch Transfers, being a period exceeding 12 tours as outlined in article 23.81; the schedule for a Temporary Training Officer, or corresponding terms for a branch transfer shall respectively be agreed by the Fire Chief (or designate) and the union.
6. Those qualified members who receive a Temporary Training Officer role will report directly to the Chief Training Officer (CTO) for the term of their assignment. The CTO will provide direction and expectations on the appropriate preparation and delivery of the training.

7. The City shall establish a qualified Temporary Training Officers roster; if qualified Temporary TO's are not available, the City can assign applicants interested in conducting training that may not be officers but otherwise are qualified and competent to perform certain training programs. These auxiliary Training Officers would only be utilized where all qualified Temporary TO's are unavailable or reject the training assignment.
8. It is confirmed the City has a trainer evaluation program whereas students are expected to provide feedback on their training from each Temporary Training Officer.
9. Any operational vacancies created by the use of on duty trainers, will be covered by overtime.
10. The attached Appendix "SAFS Training Buckets" excel spreadsheet will only be used as guide to show who takes the lead on various levels of training required in the branch.

This LOU shall be effective upon signing and constitute acceptance of the language into subsequent collective agreement renewals, unless otherwise amended.
