

WASTE AND OUR WORLD (GRADE FOUR)

WASTE CLUES

Follow along with the presentation and fill in the blanks below! Hint: look for the **red** words on the screen.

1. Garbage is anything that is _____, no longer _____, and no longer serves a _____.
2. Garbage gets buried in a _____.
3. _____ is nature's way of recycling.
4. Organics are yummy _____ for plants and gardens.
5. Recycling uses _____ materials to make something _____.
6. Recyclable items must be _____, _____, and _____.

HAZARDOUS SYMBOLS

Draw a line from the hazardous symbol to the correct word.

Hazardous waste are things that are not safe for the landfill or environment.

Corrosive

Poisonous

Flammable

Explosive

BeWasteWise

WASTE PLEDGES

Write and draw three pledges to reduce the amount of waste you produce in your everyday life. In a few weeks, reflect on the changes you've made!

Example: I will bring reusable cutlery for my lunches at school.

1.

2.

3.
