Legal Land Description of Permit:

Purpose of Permit

<input type="checkbox"/>	Brush	<input type="checkbox"/>	Burning Barrel	<input type="checkbox"/>	Windrow
<input type="checkbox"/>	Brush Pile	<input type="checkbox"/>	Stubble		

Permits:

- You must obtain a fire permit number and adhere to all permit conditions.
- Permits will only be issued for parcels greater than one acre.
- Fire Services must inspect the burn site before a permit is issued.
- No permits will be issued before **December 1** or after **March 31** for Brush Pile and Windrow Burns.
- Burning barrel permits must be renewed annually.
- Stubble or grass fire burns are generally prohibited and will only be issued at the utmost discretion of the Fire Prevention Officer with any additional conditions as deemed necessary.
- Fire permits are void when a Fire Ban is declared.
- **You must call your fire permit number into St. Albert Fire Services dispatch (780 459 7021) at the START of your burn and when it is EXTINGUISHED.**

Conditions:

- Winds must be less than 15km per hour when burning.
- Sufficient tools, equipment and quantities of water readily available for the size of the burn being conducted.
- When burning in a burn barrel, barrel must be constructed of non-combustible material, free of damage, covered with a metal mesh screen with openings no more than 13mm, be located on a non-combustible base and be located at least 3 meters away from property lines or any combustibles.
- Take precautions to ensure the fire is attended to, and under control, at all times.
- You are responsible for conducting a fire that is safe.
- Smoke must not impair visibility on a roadway or highway.

- Consideration must be given to neighbours to avoid physical discomfort.
- Ensure your fire is completely extinguished.
