

# We are going to the Children's Festival in St. Albert!

To get to the festival we might take a bus, walk or drive in a car.

When we arrive at the festival we will be in the main site area.

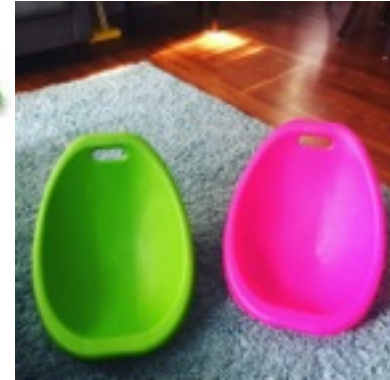

There may be other people there enjoying the site activities and shows.

There will be performers in costumes walking around the festival. They are there to make you happy.

If you need to take a break, the festival will have quiet calming areas. The quiet areas will have calming toys.

As we walk around the festival we may see more dressed up performers.

The festival volunteers and staff will be proud of how well behaved we were.

When it is time to go, we might take a bus, walk or drive in a car.
