# St. Albert Handibus Specialized Transportation Services

## About St. Albert Handibus

St. Albert Handibus is a door-to-door, shared-ride, driver-assisted transportation service for residents of St. Albert, 16 years of age and over, who are unable to use regular conventional transit due to a physical or cognitive disability. Individuals with temporary disabilities can also make use of Handibus on a temporary basis.

Handibus is managed and operated by St. Albert Transit (StAT) and is wholly owned by the City of St. Albert.

St. Albert Handibus is a client-based service available to registered individuals only. All persons utilizing Handibus must complete an application form. StAT staff will assess whether the applicant is eligible for Handibus and under what conditions.

## About DATS

St. Albert Transit has partnered with DATS (the City of Edmonton's Dedicated Accessible Transit Service) to assist us in providing Handibus service to our clients. DATS will be providing the booking, scheduling, and dispatch functions on behalf of St. Albert Transit. StAT entered into this partnership to take advantage of industry-leading technology that will allow Handibus to provide enhanced service and to accommodate as many trips as possible for our growing client base.

St. Albert Transit remains responsible for the overall management of Handibus, including vehicles, drivers, fares, and the application process.

## How to Apply

A completed application form must be submitted and approved before you can use St. Albert Handibus. Applicants are responsible for any charges associated with completing the application.

### Applications are available at:

- St. Albert Transit Office, 235 Carnegie Drive, St. Albert.
- Online at **ridestat.ca**.
- By calling 780-418-6060.

### The application process involves two steps:

- **Part A** of the application form must be completed in full by all applicants.
- **Part B** of the application form is to be completed by a qualified medical practitioner (Medical Doctor, Registered Nurse, etc.) to verify medical reasons for not being able to access conventional transit services.

Completed applications can be faxed to 780-459-4050 or returned by mail or in person to:

**St. Albert Transit**  
**235 Carnegie Drive, St. Albert, Alberta**  
**T8N 5A7**

Arrangements will be made for an in-person assessment appointment to review the application form, explain the Handibus service and to take a photo of applicant for the issuance of a photo ID registrant card if deemed eligible.

*All personal information collected on the application form is collected under the authority of Section 33(C) of the Freedom of Information and Protection of Privacy Act, RSA, 2000 (FOIP) and will be used to determine eligibility for St. Albert Handibus Services. If you have any questions regarding the collection of this personal information, please contact the FOIP Coordinator at 780-459-1500.*

## Information Changes

**Clients/Caregivers:** Please call 780-418-6020 to inform us of any changes to a medical condition, address, emergency contact person, phone numbers or the equipment you or your client use. Up-to-date information is essential in order to provide you or your client with the best and safest service.

## Client Expectations

All locations served by Handibus drivers must be accessible (an accessible door is an outside door with no more than one step). They must be kept free of snow and ice, or we will be unable to provide service. Please confirm that your destination is accessible before booking a trip.

*Note: To ensure the safety of both passengers and operators, temporary, portable or some homemade ramps may NOT be acceptable. For more information on ramp safety standards, please contact St. Albert Transit at 780-418-6020.*

Abusing service privileges and/or ignoring the Client Code of Conduct shall be grounds for **temporary or permanent cancellation of your eligibility.**

## Trip Planning

When you book a St. Albert Handibus trip, the customer care agent will give you a scheduled 30 minute window of time for pickup. Timely service and customer satisfaction is greatly affected by drivers having to wait for customers to be ready when they arrive. Please be ready at the start of your pickup period at the first exterior set of accessible doors or outside door, as this will improve overall service efficiency.

The vehicle will wait a **maximum of five minutes** upon arrival within your scheduled pickup time period.

**Please note:** Drivers will only ring the doorbells at single family residences but not at apartment buildings. Drivers will **not** search buildings for customers not present at the outside door upon arrival.

**Please remember:**

**St. Albert Handibus is NOT a taxi service.**

## Maximum Trip Times

St. Albert Handibus tries to minimize your travel time. However, because of the shared-ride nature of Handibus, please keep in mind the following maximum trip time guidelines when planning your trip.

- Local trips (within St. Albert) - can be up to 45 minutes in length.
- Commuter trips (into Edmonton) - can be up to 90 minutes in length.

## Interactive Voice Response (IVR) Service

There is a call-ahead function, Interactive Voice Response (IVR), now available to St. Albert Handibus customers. IVR is an automated telephone system that gives clients an advance call to let them know their St. Albert Handibus ride is five to ten minutes away. IVR helps to reduce wait times and uncertainty for customers.

There is also an automated call service the evening before (between 6:30 p.m. and 8 p.m.) to remind you of your reserved trips for the next day.

**Please note:** If you choose to opt out of the automated call service, please let the customer care agent know when booking your trip.

**Tip:** You can also cancel your trip on the phone when you get the “evening before” call if you no longer need it the next day.

## Cancellations

There is a high demand for St. Albert Handibus service, therefore, please call Handibus promptly if you need to cancel your trip. Please ensure that you give at least two hours notice of cancellation before your scheduled trip time. Your cancellation saves drivers making an unnecessary trip and may allow another customer the opportunity to book a trip for the same time.

Call 780-418-6060 or 780-496-4567 (choose Option 1) to place a 'temporary cancel' on your subscription trips when you are not planning to use St. Albert Handibus.

Call 780-418-6060 or 780-496-4567 (choose Option 1) to place a same-day cancellation.

## No-Shows

A customer is considered a no-show when:

- The vehicle arrives at the scheduled time and pickup location and no one is there within five minutes,
- The customer cancels at the door, or
- The customer cancels less than two hours before the trip.

No-shows are recorded in customer files and regular no-shows may lead to a suspension of service.

## Trip Adjustments

If you want to adjust your trip, call the DATS Customer Care Centre prior to noon the day before your travel date.

**Please remember:** St. Albert Handibus may not meet all of your travel needs. When a higher level of service is required, we recommend a private service option such as a taxi.

For information on private taxi service, please consult your local telephone directory.

## Mandatory Attendant

Customers who require a mandatory attendant must request the designation at the time of application. **Mandatory attendants are not required to pay a fare.**

**Remember:** Customers who are assigned mandatory attendant status are not able to book any trips for travel without an attendant.

### **Mandatory attendant status may be assigned by St. Albert Handibus administration when:**

- A customer needs individual assistance on the vehicle due to a medical condition and/or behavioural concerns.
- A customer displays unacceptable behaviour that affects other passengers and/or the driver.
- A customer cannot be left alone and no one is available to receive them at the destination.

Mandatory attendant status is assigned to a patron who requires assistance to complete the journey. It does not apply to assistance needed prior to pick up or after drop off.

## Client Code of Conduct

No person shall cause a disturbance that may negatively affect other passengers and/or distract the driver from the safe operation of the vehicle.

## Medical Emergency

St. Albert Handibus drivers must concentrate on the safe operation of their vehicle and the road conditions. The drivers cannot supervise those who require constant or frequent attention due to medical or behavioural reasons.

In the event of a medical emergency, the St. Albert Handibus driver will call 911 for assistance. **The cost of such an emergency shall be the sole responsibility of the client.**

## Camera-Equipped Vehicles

All Handibus vehicles are monitored by video technology to help ensure the safety of both passengers and operators.

## Service Animals

Only certified service/assistance animals are accommodated on St. Albert Handibus vehicles to help patrons with visual, hearing or other physical and cognitive disabilities. Service/assistance animals must have the appropriate training and certification, with documentation on file at St. Albert Handibus verifying that the animal has been trained by a recognized facility.

## Passenger Safety

St. Albert Handibus is dedicated to the safety of every passenger on every trip. All passengers on Handibus are required to use the appropriate securement system or transfer to a vehicle seat for the safest trip possible. Seatbelts must be fastened when sitting in Handibus seats.

Correct use of a securement safety system (for mobility aids) and seatbelt assemblies (for passengers) is mandatory and is a condition of use while travelling on St. Albert Handibus.

## Mobility Aid Standards

For the safety of all passengers, all wheelchairs, walkers and scooters transported on St. Albert Handibus must meet specific size, weight and safety guidelines. All mobility aids must be kept in good repair at all times or they will not be taken on Handibus. If the drivers cannot properly secure your mobility aid, we will not be able to provide you with service using that mobility aid. The use of a wheelchair lap belt and shoulder strap assembly in the vehicles is mandatory.

### Safety standards:

- Combined weight of chair or scooter and passenger cannot exceed 750 lbs (340 kilograms).
- Maximum base dimensions for wheelchairs, walkers and scooters is 34 by 48 inches (86 by 122 cm). Equipment larger than this cannot be accommodated.
- Wheelchairs and scooters must have functioning brakes.

- No flags or other projections are permitted.
- Tie-downs must be securely fastened to the frame of the scooter.
- Scooters may need attachments installed so they can be secured safely to the floor of the vehicle.
- Collapsible mobility aids require patrons to transfer to a bus seat (i.e. portable scooters, transport chairs).

**Tip: Call St. Albert Handibus before purchasing new equipment to ensure it can be safely secured on our vehicles.**

## Medical Seatbelt Exemption

All St. Albert Handibus registrants are required to wear a seatbelt/shoulder strap, unless they have a medical exemption letter on file, which has been signed by a medical doctor.

The Province of Alberta has specific requirements which St. Albert Handibus must follow regarding seatbelt exemptions for medical reasons - these letters must be updated annually.

## Oxygen Use on Handibus

Oxygen tanks are permitted on Handibus vehicles for those clients requiring the constant administration of oxygen. Oxygen tanks must be portable in nature.
