Net Revenue	\$ 130,552	\$ 146,559	\$ 193,445	\$ 174,500	\$ 18,945

Fitness program revenues continue to be quite strong which can be attributed to a strong base of core programs combined with a strong variety of new program options. Recreation program revenues are under budget due to projected revenues occurring at different times of the year than originally anticipated.

The variance between 2009 and 2010 recreation program lesson fees is due to the fact that in 2009, all City run recreation programming was moved to Servus Place. In 2010 revenue and expenses for these programs is now recognized in the Servus Place budget, whereas in 2009, it was recorded under a separate cost centre.

Lesson Fees Revenue

Fitness Programs

In Q1 2010 fitness program revenue is \$139,967 which is 24.6% above budget and 17.1% over Q1 2009. This variance can be attributed to a strong base of core programs combined with a strong variety of new program options.

Drop-in programs are included with membership to Servus Place and can be directly attributed to supporting the overall membership growth during the quarter.

Participants in Servus Place Recreation Programs

The increases in drop-in program participation can be attributed to a more consistent drop-in schedule, and increases in both membership and day admission numbers.

Community Recreation Programs

The decrease in Community drop-in participants is due to Shinny Hockey being held exclusively at Servus Place in 2010, whereas in 2008 and 2009, Shinny Hockey was held at Kinex Arena as well as at Servus Place.

There has been a substantial increase in Community registered program participants from Q1 2009 to Q1 2010. The increase is due to more programs being offered based on high demand in 2009.

The most popular community recreation programs were the Doodles, Play & Learn and Learn to Skate. Community public skating at Kinex Arena continues to be very popular and consistently attended as a very beneficial low cost community recreation opportunity.

Participants in Community Recreation Programs*

* Community recreation programs were taken over by Servus Place in 2009.

Gymnasium rental revenue for Q1 is higher than projections due to use by sport partners, SLAM basketball, and an increase in use by fastball with preseason sessions.

Gymnasium rental revenue is limited due to the availability of only one court for booking and limited demand from groups. Gymnasium rental revenue is only brought in on rental hours. Programmed, maintenance and spontaneous use does not bring revenue directly into facility rentals. Revenue for these hours is realized under program revenue or viewed as a benefit of membership or day admission.

As membership and day admissions grow, there is increased use of the gymnasiums for drop-in and spontaneous activities. At times use of all three courts is required for spontaneous use.

In 2008 and 2009, refurbishment charges were not broken out separately but included in the rental revenue for each floorplate.
