MUNICIPAL DEVELOPMENT PLAN: HELP PLAN ST. ALBERT'S FUTURE - QUESTIONNAIRE 2:

The City is developing a Municipal Development Plan (MDP) called Flourish: Growing to 100K that will shape how the city grows and develops to a population of 100,000. As we plan the city's future growth, we need to address current issues and anticipate future opportunities.

We want to find out what issues are important to you and give you an opportunity to share your ideas on how to address them. Take part in the MDP Questionnaire #2! Your input will help us create an MDP that is built on the experience and passion St. Albertans have for our community.
Deadline: Dec. 20.

To share your input and to find out more about the MDP, visit stalbert.ca/MDP and click on **Flourish Questionnaire #2** under Key Dates.

SPOTLIGHT ON

INDOOR FIRE SAFETY – HAVE A PLAN

As we prepare for the upcoming holiday season, and throughout the year, it is important to take steps to ensure your family is safe from potential fires and other dangers in your home. The best way to be prepared is to have a plan in place!

- Make sure everyone in your family knows the best escape routes for your home.
- Have a set meeting place near your home, where everyone will gather after evacuating.
- Schedule a test of your smoke detectors every month. Schedule a battery change for them twice a year. A good time is spring and fall, when the time changes.
- Ensure you have a smoke detector in or near every bedroom, and that there is at least one on every floor of your home, including the basement.
- If you use a space heater, be sure you place it at least one metre from any other object that might catch fire.
- If you use a real Christmas tree, schedule regular watering times to prevent it from getting too dry and becoming a fire hazard.
- Unplug tree lights before going to bed or leaving home.
- Do not overload electrical outlets or extension cords by inserting too many plugs at one time.
- Install a carbon monoxide detector in your home.
- Schedule annual inspections of your heating systems and appliances, and be sure to do regular maintenance on them.
- If you smoke, never smoke in bed!

For more information, visit the City website at stalbert.ca and search **Home Fire Safety**.
